

JOINT VENTURE / TECHNOLOGY TRANSFER NEWSLETTER

Issue 45, May 2007, International Distribution: 29,200
TTT Inc Holding Group (USA).

You are receiving this Newsletter by request or because your organization is active in the fields of energy, environment, construction and/or food processing infrastructure development internationally.

IF YOU DO NOT WISH TO RECEIVE the Newsletter, please REPLY to this email with "REMOVE" in the subject line.

TTT INC HOLDING GROUP (USA) WELCOMES COMPANIES FROM ALL OVER THE GLOBE INTO ITS NETWORK OF INDUSTRIAL SECTOR PARTNERS.

CONTENTS:

- 1) TTT 2007 PROJECT INVESTMENT CONFERENCE
- 2) NEW TTT OWNERSHIP / MANAGEMENT

1) MARCH 16-18 TTT 2007 INTERNATIONAL PROJECT INVESTMENT CONFERENCE

TTT's Annual Conference was MOST productive for the attendees from all over the USA, Brazil, Nicaragua, Mexico, Tanzania, Nigeria, etc.

Besides an all-day tour of world-class industrial projects in Nogales/Sonora/Mexico, delegates had intensive working sessions in Tucson/Arizona on how to get project Business Plans in all sectors of TTT specialization ready for the TTT Project Investment Criteria.

Other hour-long sessions presented details on development of Green Residential and Co-Housing Communities in USA (initially) to LEED Standards, and Planning Schedule for Industrial Parks in Mexico, Brazil, Nicaragua and JVCE Estates in Tanzania/East Africa.

Detailed PowerPoint presentations on the active TTT projects have been posted on TTT website in the 2007 Investor Conference section, and we welcome your interest.

2) NEW TTT OWNERSHIP AND MANAGEMENT

As of April 16, 2007 the ownership and management of TTT has shifted to the Avila Family of Tucson/Arizona under the leadership of Anthony Avila. The Avila Family also owns Jade Concrete, a TTT ISP with decades of experience in the construction industry. The Avilas have acquired all the Shares previous owned by Alex Dely, and are now 85% majority shareholders of TTT, Inc (all TTT ISP's holding the remaining shares). Day to day management will be in the hands of Anthony Avila, with Alex Dely serving as a Non-Management Member of the Board of Directors. Mr. Avila will spend the next 5 weeks through end-May systematically reviewing all the ISP relationships and project opportunities.

It is anticipated that TTT ISP's will see little or no difference in the level/quality of contact during or after this transition. However it must be stressed that the new management team will strictly adhere to the TTT Project Investment Guidelines/Criteria process in deciding which projects to further participate in. All TTT ISP's are therefore strongly encouraged to keep developing and refining their project Business Plans in these coming months, so the new TTT Management can decide if/how to assist further.
