## 4) 2008 INTERNATIONAL PROJECT INVESTMENT CONFERENCE

TTT Management is looking ahead to 2008 for its annual project investor conference in Tucson, Ariz. (e.g. March 21-24, 2008 Friday – Monday). The 2007 conference saw delegates from USA, Brazil, Nicaragua, Mexico, Tanzania, Nigeria, etc, and we look forward to an even more broad/productive gathering in 2008.

In addition to our own, TTT routinely attends specialized Trade Missions/ Conferences locally and around the world. For example, TTT participated in the Arizona-Mexico Commission Plenary Session at the Westin La Paloma in Tucson from June 14-15. The commission has 14 standing committees, including Economic Development, Environment, and Agribusiness, and saw over 300 attendees. TTT is beginning initial partnerships with several businesses/organizations, including projects in energy systems and industrial parks, and working to improve the air and water quality in Mexico.

If you want to bring new partners together in your region for a 3-5 day TTT Trade Mission, or to recommend other trade missions/conferences for TTT to attend, email: [aavila@ttthg.com](mailto:aavila@ttthg.com)

## 4) NEW TTT OWNERSHIP AND MANAGEMENT

As of April 16, 2007, the ownership and management of TTT has shifted to the Avila Family of Tucson, Ariz. under the leadership of Anthony Avila. The Avila Family also owns JADE Concrete, a TTT ISP with decades of experience in the construction industry. The Avilas have acquired all the Shares previously owned by Alex Dely, and are now 85% majority shareholders of TTT, Inc (all TTT ISP's holding the remaining shares). Day to day management will be in the hands of Anthony Avila, with Alex Dely serving as a Non-Management Member of the Board of Directors.

TTT will continue with the same purpose and mission that it has had for the past 25 years. The new management team will strictly adhere to the TTT Project Investment Guidelines/Criteria process in deciding which projects to further participate in. All TTT ISP's are therefore strongly encouraged to keep developing and refining their project Business Plans in these coming months, so the new TTT Management can decide if/how to assist further.
